ANNUAL MAINTENANCE AGREEMENT

SERVICE PLAN #1 \$250.00

Clean boiler flues and smoke pipe to base of chimney. Clean fuel pump strainer and replace fuel oil filter. Regulate pump pressure. Oil all motors. Clean nozzle assemble and replace nozzle. Test electrical equipment. Adjust oil burner operation for maximum efficiency. Note: Each additional unit plan #1 Add \$220.00

SERVICE PLAN #2 \$ 350.00

Service unit the same as plan #1. Plan #2 includes the replacement of the parts that guarantee the firing of the oil burner, with an allowance, and up to 3 one hour service calls during regular business hours. Note: Each additional unit plan #2 Add \$305.00, including oil fired hot water heaters.

PARTS COVERED BY SERVICE PLAN #2 INCLUDE THOSE THAT DIRECTLY CONTROL THE OPERATION OF THE BURNER ONLY

Nozzle	Fuel oil pump	Oil burner motor	Cadmium sulfide flame detector
Nozzle assemble	Fuel oil filter	Oil burner fan	Single action aquastat control
Nozzle line	Fuel oil strainer	Primary control	Dual action aquastat control
Porcelains	Fuel oil pump coupling	Stack relay	Triple action aquastat control
Electrodes	Ignition transformer	Fan & limit control	Steam pressure control
Buzz-bars	Ignition leads	Thermostat (standard)	

Note: All parts covered under plan #2 have an allowance of \$125.00

PARTS NOT COVERED BY SERVICE PLAN #2 INCLUDE THE FOLLOWING AND ANY PART THAT CONTROLS THE DISTRIBUTION OF THE HEATING MEDIUM

Zone valve complete	Pressure reducing valve	All ancillary piping	Humidifiers	Combustion chamber
Zone valve motor only	Pressure relief valve	All boiler gaskets	Smoke pipe	Fuel oil tanks
Circulators complete	Expansion tank	Fuel oil piping	Smoke pipe fittings	Boilers
Circulator motor	Automatic air vent	Fuel oil valves	Warm air blower motor	Furnaces
Circulator motor mount	Tankless water heater	Fuel oil fittings	Warm air blower fan	
Circulator coupling	Flow control valve	Fuel oil filter complete	Warm air blower belt	
Circulator bearing assemble	Low water cut off control	Tiger loop fuel system	Warm air blower pulley	

TERMS OF SERVICE PLAN #2

1. Crest Fuel Oil Co., Inc reserves the right to decline acceptance of Service Plan #2 after inspection of heating equipment. If unit is not accepted customer will be billed for Service Plan #1.
2. This agreement is only valid if the customer purchases their entire fuel oil requirement from Crest Fuel Oil Company, Inc.
3. This agreement does not cover service calls for the following; oil burner switches off, thermostat below room temperature, fuses or circuit breakers off, power failure, gelling of fuel oil in tank, water in fuel oil, low water in steam boiler, low water pressure in hot water boiler, unit running on arrival, inadequate fuel oil supply when customer is on "will call" or "C.O.D." basis.
4. All parts described in Service Plan #2 will be replaced at no charge or with a \$125.00 allowance when they become defective through normal use. Parts damaged by flooding, lightning, or other acts not considered normal use will be billed at the current retail cost. Obsolete parts not covered.
5. This agreement is void if heating equipment is serviced by others.
6. This agreement does not cover the material cost for items described above as "parts not covered".
7. This agreement does not cover the labor cost for items described above as "parts not covered".
8. This agreement covers the labor cost for items described above as "parts covered" as follows; During regular business hours from 8:00 AM – 4:30 PM Monday – Friday. Any service provided outside of regular business hours or on a Weekend or Holidays will be billed at ½ our normal overtime rate.
9. No refund will be issued on any Service Plan after the work is completed. This agreement is transferable in the event of a home sale
10. Any Service Plan completed on a Saturday will be charged an additional \$50.00
